

# *Giving to JustFaith Ministries*

Thousands of JustFaith graduates have come away from their JustFaith experience substantially changed. They see the plight of the poor with new eyes. They understand more than ever the forces at work that bring about the conditions and circumstances that millions of our desperate sisters and brothers face. They hear the Gospel anew—with its call to have compassion with and make sacrifices on behalf of our vulnerable sisters and brothers. And they are inspired to work for change, to hasten the coming of God’s reign.

When you support this ministry, you help make this happen. You help fill the world with people who are committed to justice and to the needs of the poor and who act to make the world better.

*Help us to continue to fill the world with people committed to God’s love for all!*
